**Describe a country where you would like to work for a short time**

**You should say:**

- **Where you would like to work**
- **What kind of job it would be**
- **When would you like to go**
- **And explain why you want to work there**

You know, since I was a young kid I've always wanted to land a job that has got to do with police work. Honestly I was **spurred on** by the American movies I used to watch. Seeing how cool the cops were, the uniforms they put on, guns hanging in their **holsters**, they all had me daydreaming about it for hours. I'm 27 now, I'm not sure if I've passed the **eligibility cut-off** to become a real cop in America, but I would like to try my hand at it. You know, In America, cops **have a free hand** in dealing with those associated with murders and **felons**. Aside from that, as a cop you'll have considerable clout in the society. Anybody would think twice before deciding to mess with a police officer there. I don't basically care about **raking in** millions of dollars or just having a simple life devoid of any particular **glam**. I kina think this job would be **pulling it off big time**, you know. Anyhow I just wanna do a 1-year **stint** in an American police department and then quit. You know in the movies, something dangerous is always lurking around when you're a police officer and the cop would always die in the end. I just wanna seal a different fate for myself.
